Mt. Rainier National Park

Mt. Rainier is the fifth national park in the United States, the first known as the Indians near the tahoma, meaning the sacred mountain. It is the highest volcano in the United States, more than 2500 meters above the peak of the mountain, more than 600 meters higher than Japan's Mount Fuji, Washington is the first landmark, so its stalwart is also printed on the state's license plate. Rainier Snow Mountain has the largest single glacier except Alaska, as well as the largest ice system, 95% of the park is kept in its original state.

Go to Mt. Rainier to see the tallest volcano of the continental United States by visiting Christine Falls, Narada Falls, and Paradise Road.

Special Remarks

Attractions Notes:

- (1) Itinerary will be subject to traffic and weather. The sequence of the attractions might be changed according to actual and practical situation for better service.
- (2) In case of attraction closures (due to holidays or construction, etc.), tour guide may make some necessary changes to the itinerary accordingly.
